

Figure 1 displays two time series plots from May 1, 2024, to February 25, 2025. The top panel shows NRW rainfall (grey line) and WFF water depth (blue line) in millimeters. The bottom panel shows DYO water depth (blue line), DYO 120-hour water depth moving mean (cyan line), DYO water temperature (red line), and DYO air temperature (green line) in meters and degrees Celsius. Numerous data points are labeled with IDs such as 'wff_P:1858072', 'dya_T:6824', and 'dya_P:70607'.
